

Lakeland Engineering Equipment Company is a leading electrical component distributor in the Midwest, dedicated to relationship-first sales. Lakeland offers a vast product line of electrical control components, solenoid valves, drives, switches, motor controls, PLCs and HMIs, explosion-proof components and more, from over 65 industry-leading suppliers. But we're much more than a distributor. We have an extensive team of resources including product experts, certified drives specialists. Lakeland prides itself on delivering exceptional customer service and application assistance with in-person support and on-time delivery.

ELECTRICAL ENCLOSURES

MOTOR PROTECTION AND CONTROL

PLCS & HMIS

SENSORS & SWITCHES

VALVES

Since 1952, our team has worked tirelessly to cultivate relationships with the very best suppliers from around the world. These connections allow us to provide the best possible solutions and expert support to meet our customers' diverse needs.

FEATURED SUPPLIERS

PULS

Industry leader for DIN-rail mounted, switched-mode power supplies

Pfannenberg

Filter fans, cooling units, chillers, heat exchangers and more

EMERSON
ASCO
NUMATICS
GO SWITCH
AVENTICS

Fluid control, RedHat solenoid valves, miniature valves, cylinders and actuators

YASKAWA

Industrial AC drives and motion control products

IDEC

HMI's, PLCs, power supplies, motor control products, sensors, relays and pilot devices

FLUKE

AMPROBE
COMARK

Insulation testers, power load and power quality metering equipment, thermal imaging, multimeters, clamp meters and more

ST sifam tinsley
PRECISION INSTRUMENTATION

Analog/Digital Panel Meters, Power/Energy Meters, AC/DC Transducers, CT, CAM Switches and Test Equipment

DELTA
FABRICATING

Custom electrical enclosures, weldments, frames and wireway

marathon
Special Products

Terminal blocks, power blocks and fuse holders provide interconnection and circuit protection of electrical systems

ABB
BALDOR
JOKAB SAFETY
A MEMBER OF THE ABB GROUP

Electrical control and protection, motor control drives and VFDs

Schneider
Electric

SQUARE D

Motor controls, VFDs, sensing devices, automation controllers, PLCs and SCADA software

RL
RED LINE
a specoos company

Sixnet **N-TRON**

HMI products, process controls, panel meters, sensors and industrial ethernet

GENT
INSTRUMENTS

Data loggers, power meters, energy recorders and revenue grade current transformers

Lenze
AC Tech

Motion control solutions, servo motors, components and systems

pyromation
beyond measure

Thermocouples, RTDs, thermowells, connection heads and temperature sensors

KILLARK

HUBBELL

Enclosures, controls and more for hazardous environments

Honeywell

50,000+ "MicroSwitch" products with complete offering of switches and sensors

Megger

Insulation resistance testers, DLROs, ground fault locators, power quality testers and more
