

# LAKELAND

---

## Engineering Equipment Co.

Lakeland Engineering Equipment Company distributes electrical motor control components, custom and standard UL label metal enclosures, explosion proof and fiberglass enclosures, variable frequency drives, PLCs and HMIs, sensing products, transformer and power supplies, enclosure heating and cooling products, circuit protection devices, panel labeling and graphics, and connection products from industry leading manufacturers.

## WHY CHOOSE LAKELAND ENGINEERING?

- Technical support and application assistance
- Product range of over 2500 SKUs in inventory
- Consignment and kitting programs available
- Relationship-oriented sales team for local, consistent support
- Easy ordering and on-time delivery

# LAKELAND

## Engineering Equipment Co.

Lakeland takes great pride in its wide range of industry-leading electrical components. Over our 60-plus-year history, our team of professional engineers, technicians and account managers has worked tirelessly to cultivate relationships with the very best suppliers from around the world.

## SUPPLIERS

### Honeywell

50,000+ "MicroSwitch" products with complete offering of switches and sensors

Standard and custom enclosures, weldments, frames and wireway

Motor controls, VFDs, sensing devices, automation controllers, PLCs and SCADA software

Fluid control, RedHat solenoid valves, miniature valves, cylinders and actuators

### Lenze

Motion control solutions, servo motors, components and systems

Electrical control and protection, motor control drives and VFDs

Sensors, measurement, instrumentation interface and networks

Photoelectric and wireless sensors and machine safety products

DC motor controls and custom microprocessors and ground pile and bin temperature management

### YASKAWA

AC drives and motion control products

### PULS

Industry leader for DIN-rail mounted, switched-mode power supplies

Motor control and circuit protection products

HMI products, process controls, panel meters, sensors and industrial ethernet

Motor controls, VFDs and circuit protection devices

### KILLARK

Explosion proof enclosures

### IDEC

HMIs, PLCs, power supplies, motor control products, sensors, relays and pilot devices

Non-metal electrical enclosures and junction boxes

### PEPPERL+FUCHS

RFID, barcode scanners, and photoelectric and proximity sensors

Filterfans, cooling units, chillers, heat exchangers and more

Labeling and custom engraving solutions
