

## Lakeland Engineering Equipment Company

is a leading electrical component distributor in the Midwest, dedicated to relationship-first sales. Lakeland offers a vast product line of electrical control components, solenoid valves, drives, switches, motor controls, PLCs and HMIs, explosion-proof components and more, from over 65 industry-leading suppliers. But we're much more than a distributor. We have an extensive team of resources including product experts, certified drives specialists and programming engineers – many with over 30-years of industry experience. Lakeland prides itself on delivering exceptional customer service and application assistance with in-person support and on-time delivery.

RELENTLESSLY SERVING YOU SINCE 1952

## ELECTRICAL ENCLOSURES

Custom, standard, non-metallic, and explosion-proof electrical enclosures from Delta Fabricating, Killark, Stahlin and more, assure the protection of electrical components.

## MOTOR PROTECTION AND CONTROL

Lakeland is a leader in electrical motor controls offering contactors, starters, disconnects, molded case circuit breakers, pushbuttons, operator interfaces, relay timers and more. Count on us for expert application assistance and offerings from top suppliers like Schneider Electric, IDEC, ABB and more.

## PLCS & HMIS

Automate your processes and help operate your control system at maximum efficiency with PLCs, HMIs and accessories from IDEC, Schneider Electric, Lenze, Red Lion and more.

## SENSORS & SWITCHES

Count on Lakeland for all of your industrial sensing solutions for collision-avoidance, safety, positioning, level and speed-sending needs from Pepperl + Fuchs, Schneider Electric, Go Switch, Honeywell MicroSwitch and more.

## VALVES

Control the flow of liquid, gas, solids and other fluids with ASCO's comprehensive line of solenoid valves including angle-piston valves, combustion valves, intrinsically-safe valves, potable valves and many more. For over 60-years, Lakeland has been an authorized distributor of ASCO, providing unrivaled expertise and support.

Since 1952, our team has worked tirelessly to cultivate relationships with the very best suppliers from around the world. These connections allow us to provide the best possible solutions and expert support to meet our customers' diverse needs.

## FEATURED SUPPLIERS

**Honeywell** 50,000+ "MicroSwitch" products with complete offering of switches and sensors

Standard and custom enclosures, weldments, frames and wireway

Fluid control, RedHat solenoid valves, miniature valves, cylinders and actuators

**Lenze**

Motion control solutions, servo motors, components and systems

Electrical control and protection, motor control drives and VFDs

**KILLARK**

Lighting, enclosures, controls and more for hazardous environments

Non-metal electrical enclosures and junction boxes

**Schneider Electric**

Motor controls, VFDs, sensing devices, automation controllers, PLCs and SCADA software

**YASKAWA** Industrial AC drives and motion control products

**PULS**

Industry leader for DIN-rail mounted, switched-mode power supplies

**IDEC**

HMI, PLCs, power supplies, motor control products, sensors, relays and pilot devices

**PEPPERL+FUCHS**

RFID, barcode scanners, photoelectric and proximity sensors

Filter fans, cooling units, chillers, heat exchangers and more

**socomec**

Low voltage energy performance, switching and protection

HMI products, process controls, panel meters, sensors and industrial ethernet

**marathon**

Terminal blocks, power blocks and fuse holders provide interconnection and circuit protection of electrical systems
