

Lakeland Engineering Equipment Company is a leading electrical component distributor in the Midwest, dedicated to relationship-first sales. Lakeland offers a vast product line of electrical control components including solenoid valves, drives, switches, motor controls, PLCs, HMIs, explosion-proof components, and more, from over 100 industry-leading suppliers. But we're much more than a distributor. We have an extensive team of resources, including product experts and certified drive specialists. Lakeland prides itself on delivering exceptional customer service and application assistance with in-person support and on-time delivery.

VFDS & ENCODERS

ELECTRICAL ENCLOSURES

PANEL COMPONENTS

PLCS & HMIS

SENSORS & SWITCHES

TEST EQUIPMENT

FEATURED SUPPLIERS

YASKAWA

Industrial AC drives and motion control products.

Honeywell

50,000+ "MicroSwitch" products with complete offering of switches and sensors.

ABB

Electrical control and protection, motor control drives and VFDs.

alc DIVERSIFIED ELECTRONICS DIVISION

Electronic timing relays, solid-state controls and engineered timing solutions for OEM and industrial applications.

ASCO

Solenoid valves, valve positioners and actuation solutions from ASCO and TopWorx for process control systems.

Pfannenberg Filter Technology for Industry

Filter fans, cooling units, chillers, heat exchangers and more.

Weidmüller Electrical

Terminal blocks, industrial connectivity and control components.

PULS

Industry leader for DIN-rail mounted, switched-mode power supplies.

PEPPERL+FUCHS

Industrial sensors, intrinsic safety barriers and explosion protection solutions for hazardous locations.

marathon Special Products

Terminal blocks, power blocks and fuse holders provide interconnection and circuit protection.

Lenze

Motion control solutions, servo drives, gearboxes and automation systems.

DELTA FABRICATING

Custom electrical enclosures, weldments, frames and wireway.

EATON Powering Business Worldwide

Circuit protection, power distribution, motor control and industrial automation solutions.

DYNAPAR

Rotary encoders, resolvers and motion feedback solutions for accurate speed and position control.

HMS

HMI products, industrial communication gateways and remote access solutions from HMS brands including Anybus, Ewon, Ixxat and Red Lion.
